FACUNDO NICOLAS GANDOLFO

Software Developer & Team Lead

Buenos Aires, Argentina · gandolfofacundonicolas@gmail.com · linkedin.com/in/gfacundon · github.com/gfacundon · gfacundon.dev

Full-Stack Developer and Technical Lead with 2 years of experience in end-to-end scalable web application development (React, TypeScript, Spring Boot, MySQL, etc.) and development team coordination. Focused on software architecture, best practices, and mentorship. Certified Front-End Developer by Meta.

PROFESSIONAL EXPERIENCE

Modica Seguros — Buenos Aires, Argentina
Developer & Team Lead — May 2025 – Present

- Developed an informational website for company clients to access details via an assistant or direct contact with the office.
- Led the development of an internal web application (React, TypeScript, Spring Boot, MySQL) to replace the Excel-based policy management system, including an administrative dashboard.
- Coordinate a team of interns by assigning tasks via GitHub Projects, conducting regular code reviews, and guiding technical project decisions.
- Restructured the Spring Boot backend from a mixed, disordered architecture to a package-by-feature structure, reducing the learning curve for new team developers.
- Designed technical training materials (Git/GitHub, REST APIs, Spring Boot, React/TypeScript) prior to onboarding interns into active development.
- Implemented Excel–system data import and export capabilities (SheetJS on the front-end, Apache POI on the back-end) in direct coordination with backend and database teams.

Fiverr / Freelance — Buenos Aires, Argentina
Freelance Developer — January 2025 – Present

- Developed web, desktop, and mobile applications for real-world clients, managing projects end-to-end: requirements gathering, scope definition, implementation, and maintenance.
- Utilized React, JavaScript, TypeScript, and Figma to deliver custom solutions within agreed deadlines and budgets directly with each client.

EDUCATION

E.E.S.T. N°7 "José Hernandez" — Buenos Aires, Argentina
Technical Degree in Programming — March 2019 – November 2025

- Project selected among the best in Buenos Aires - National Technical Professional Education Olympics 2025.
